A maximum of 32 days in-person attendance is available on the Manchester Global Executive MBA depending on which electives are selected. However some students will choose to reduce the face-to-face aspect of the MBA by taking some classes virtually. In addition to the commitment required above, there will also be some virtual mandatory elements for Business Accounting & Finance which will be the equivalent of 9 virtual hours delivered over three weekend days in that term. The above structure is for a typical January intake. The July structure would see some of the above courses taken earlier and others later in the academic year.
